

Executive Headteacher: Tim Rome

Dear Parents/Carers,

ClassDojo

We will continue to build on our links between school and home using ClassDojo.

At least once a week, teachers will share general information about current or future learning. This is so that you can talk to your children about what they have been doing in school or help prepare them for what is coming up. This may include information posts or messages, photos of displays or presentations from the classroom, examples of children's work, links to useful websites, learning tips or examples. If there is a special event or theme day, the class teacher will also post information or photographs onto your child's Class Story.

Teachers are not expected to post individual photographs of children or their work, however, there may be occasions when a teacher decides that they would like to do this. Sometimes teachers may also choose to make individual posts to celebrate a child's success.

The teachers will check their ClassDojo accounts at least once a week to approve any comments that have been made. Please note, staff will **not** reply to questions or enquiries through ClassDojo, so please telephone the school office or e-mail if you require a response.

Each class's story will differ as some classes have more support which enables them to make additional posts. Where it is possible, staff will make additional posts, as we do not want to limit the posts which can be made, but would like to be clear that some teachers will only be able to meet the expectations described above.

Please complete the Google Admission Pack form and as soon as possible, indicating if you give permission for the use of photos on the website/app.

In addition, we will send you an invitation code which will enable you to log in to their ClassDojo account.

Should you have any questions or queries, please do not hesitate to get in contact.

Kind regards,

Miss Jo Garlick
